

SIS NOTICE

1. Waiver

Effectively immediately, "applicants" who are considering working as an armed/unarmed security professional are required to complete a release of liability/disclosure/waiver form on the day of the Physical Fitness Test (PFT).

Strategic Intelligence Solutions requires all applicants to complete this form stating that you are in good physical health by your physician and can perform the PFT. You must perform and pass all tests upon being offered a conditional offer of employment. Passing the PFT does not guarantee employment with SIS. You must pass all phases of the hiring process including but not limited to background check, drug screening, references, DOT physical, psychological testing and or other test that are deemed necessary to be employed at SIS.

2. License/Firearm

If you are applying for any positions which would require you to legally possess, operate and own a firearm, you must not have any criminal activity which would hinder you from obtaining the proper license to carry a handgun for security related duties. In most states, you must be 21yrs of age or older to carry a handgun.
